LANE VIEW CRUSADER — We showed this bull only one time and he stood second to his stallmate at the 1967 Nebraska State Fair. A full brother sold in the 1965 National sale at Omaha to Miller Bros., Aurelia, Ia., and this year they sold his calves as club calves for a good average with a \$300 top. This is a bull with good length of body and good breeding behind him.

His sire is one of the best bulls we have ever used and probably the best son of the \$10,000 All-American Eldak Red Ranger. His dam is one of the very best daughters of Claymore Commander. K A KAMARO — Without a doubt, one of the most muscular bulls to sell this winter. Kamaro is extremely clean in the brisket and flank areas. A combination of breeding that certainly takes the gamble out of buying a bull. We've had a \$2,700 International Congress Champion and also a \$2,600 International Reserve Congress Champion from this family. Official 205 day weight of 485 lbs. —steer basis. Weight Dec. 28, 1967—1,255 lbs. We were so impressed with the muscling in Kamaro that we have bred several heifers to him. Everyone settling on first service.

RENOWN'S ELARD — It is unfortunate we were unable to get a photo of this bull because we believe he is one of the good bulls to sell this year. This is a big bull with character and has the good legs and length of body demanded in modern beef cattle. We have used him on several virgin heifers. This bull was not weighed until after we had used him and then he weighed 1,550 lbs. at 17 months of age. He is by the good sire Allwood Renown and out of a Louada Barbarian cow. We sincerely believe that all good cattlemen will appreciate this bull. We recommend him highly.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
